<input type="radio"/>	<input type="radio"/>	Establishment of a liquid hydrocarbon pipeline

Terms and Conditions

- Notices issued by Otonabee Conservation under s. 59 of the Clean Water Act are non-transferable.
- Permits, approvals, etc. may be required from other agencies prior to undertaking any activities that may be associated with this Application. The issuance of a Notice upon review of this Application does not exempt the owner/applicant from complying with any or all other applicable laws, statutes, ordinances, directives, regulations, approvals, etc. as they may relate to the activities carried out on the Property.
- If information on or with this Application is determined to be untrue or incorrect, Otonabee Conservation reserves the right to nullify any decisions and issuances based on the review of this Application.
- All non-personal information related to this Application becomes the property of Otonabee Conservation and may be used by Otonabee Conservation and its' member municipalities. Members of the public may view studies, plans, reports and issuances related to this Application by submitting a formal request under the *Municipal Freedom of Information Protection and Privacy Act*, RSO 1990, c. M. 56. Access is subject to statutory exemptions.

I / we _____ state that to the best of my/our knowledge and belief, the information provided on or with this Application is correct and true and that I/we have read and fully understand the terms and conditions of this Application.
